Dear Families,

What a busy, but productive Term 1 we have had. This will be our final newsletter for this term. Please read it carefully as it contains important information for the upcoming weeks. Please remember school finishes at 2.05pm on the last day of term.

3 Way Interviews/Conferences:
These have been held over the past two weeks. Many thanks to the teachers who have worked long hours during this time. If you were unable to attend during this time, please see your child’s teacher.

Canteen:
Our canteen will be closed all of next week for cleaning. Thank you to our volunteers for their continued support in running the canteen for our students. Students will need to bring lunch and recess from home.

Mother’s Day Stall:
Once again we will be having a Mother’s Day stall on Friday 6th May (first week of term). We would appreciate donations of items to sell - e.g. soaps, other toiletries, handicrafts, jewellery, plants etc. This is a chance to re-gift some of those presents hiding in cupboards. Please send along to the office before the end of term.

Casual Dress:
The last day of term will be casual dress. Money raised will be used to support student well-being across the school. Please bring a gold coin donation to be collected by LOL leaders during the morning.

Small Wheels Day:
Our LOL group is running a small wheels day on Wednesday 13th April. R-3 students will be able to ride their small wheels at recess and 4-7 students at lunchtime. Helmets and safety gear need to be worn at all times. Further information will be sent home later this week.

School Fees:
If you have not paid your child’s school fees for 2016 or have not already entered into a payment agreement, then they are now overdue. Please arrange payment with the front office before the end of this term.

I would like to wish everyone a safe and enjoyable school holiday break.

Nic Dale, Acting Principal

Working with our Buddies........

Every week we work closely with our buddies. We cooperate, work as a team, support them, show them what’s right not wrong. During buddy time we read together, play together and share fun times together. Here are some photos of some of us enjoying our fun times with our buddies.

Our school captains thoroughly enjoyed the day, leaving the Convention Centre energized and inspired to make a difference.
Problem Solving with P.O.O.C.H:
This year we have introduced a new Health and Wellbeing class for students in years 5-7. Currently two classrooms are working with Mr Neto on a weekly basis, exploring a range of topics including identity, self-esteem, problem solving and relationships.

This week students in Rooms 14 & 16 looked at appropriate ways to solve a problem. Using the P.O.O.C.H Model, students were encouraged to work through a range of scenarios, discussing possible solutions and probable consequences in dealing with a problem appropriately.

Such a model promotes the development of problem solving skills and encourages students to be pro-active in dealing with problems they may face in the yard.
