## Term 3, Week 2

Thursday, August 2nd, 2018

### Dear Families,

After a term away I am 'back in the swing' of the day to day business of Burton Primary. My time working in head office was a very different experience. By going in to schools around the state and conducting the external reviews, I was able to observe and interview many people. It has given me the opportunity to see how other schools operate and have been able to bring back some new learning to further improve the great work being done at Burton.

I would like to acknowledge the fantastic work done by Nic Dale as acting principal and Lynda Rivett as acting deputy principal in my absence. I was able to concentrate on the work I was doing last term, knowing that the school was in great hands. I also appreciate the great work done by Anna Kamenic in Andre Neto's absence for 6 weeks during this time.

### Book Week

We will be celebrating Children's Book Week during weeks 5 and 6 of this term. In keeping with tradition, a parade will be held on Friday, August 24th. This is an opportunity for children to dress as their favourite book character or in line with this year's theme "Finding Your Treasure". Parents are welcome to join us for this parade during our normal assembly time.

### STEM Opening

Our STEM buildings will be officially opened on Wednesday September 12th from 1.00pm to 1.45pm. After the official proceedings in the gym, classrooms will be open to visit as well as our new facilities. Invitations will be sent home soon, with bookings needed.

### Sports Day

Our whole school sports day will be held on the last day of term this year— September 28th. Please keep this day free and join us for a fun end to the term. Further details will be provided closer to the day.

### Hats & Jumpers

Please remember that all students are required to wear a sun safe hat during outside play and activities. Hats are available for purchase from the front office ( \$10). This is in keeping with our adherence to the Cancer Council's Sun Safe Schools policy.

### No Hoodies!

Our school dress code clearly states that hoodies are **NOT** to be worn at school. Please ensure your child has a plain maroon (or turquoise) jumper or jacket—without a hood. These can be purchased from the school or local stores.

What's happening?	
August 3rd	Kiwanis Breakfast
Tuesdays, week 3-7	Bike Ed—Year 4/5 classes
August 24th	Book Week parade
Sept. 12th 1.00-1.45pm	STEM building opening
Sept. 28th	Sports Day

# ROOM 4 - BEE BOTS

Last term we designed and built mazes for our Bee Bots.  
We recorded the code, tested it and modified our program as needed.

### Father's Day Stall—Fundraiser:

We need donations of items for our Father's Day stall to be held on August 31st. Please send along any craft items and unused presents (re-gift) - toiletries, tools, garden supplies, plants, socks, gift sets, chocolates etc.

This is our major fundraiser for the term.

### Late Arrivals

There are still a number of children arriving late to school—many on a regular basis. Please ensure your child is at school, ready to start their learning by 8.45am every day.

### Breakfast Club

Many thanks to Cathy and Nicole for running our breakfast club each morning. Kick Start For Kids supplies most of the food provided, but unfortunately they are unable to supply sandwiches for toasting. There is also a limit to the amount of food provided. This service is mainly for children who do not have sufficient food at home for breakfast. Those who have access to food at home should be eating at home so that we are able to provide for those who don't. Emergency lunches are also available to those who come without food.

The character strength we focussed on this fortnight is

Room	Character Strength	Classroom Certificate

### Bug Hotel

Room 15 learnt about plant structure and ecosystems. They learnt that insects are required for pollination of plants. They decided to teach their buddies in Room 8, all about insects. Their research into the importance of bugs lead to the discovery of bug hotels. Rooms 8 and 15 commenced a STEM project of designing and creating a bug hotel for our garden. John, our groundsman, created the structure whilst students filled containers with natural materials that bugs thrive in.
