Newsletter: Term 3, Week 4

Friday 14 August 2020

Dear Families,

It has been a busy few weeks here at Burton Primary School. I would like to take this opportunity to thank Travis Keane and Kelly Blandford for acting up and to the full leadership team for taking on extra roles and responsibilities whilst I was on leave for the first 3 weeks of Term 3. I would also like to thank Karla Kosonen for supporting leadership by stepping out of the classroom during this period.

I would like to welcome two new staff members that have joined the Burton team this term.

Ella Harradine

Kate Powell

Ella has been employed as an Aboriginal Community Education Officer (replacing Doretta Weston) for the remainder of this year. Ella will work closely with Lewis Rigney to connect with and support our Aboriginal students and their families. Both Ella and Lewis will provide ongoing information to families via the newsletter over the coming months. Kate Powell will be working with our R/1 students delivering a phonics intervention program.

School Photos:

Please remember that school photos are being taken on Monday 24 June (Rooms 11-24) and Wednesday 26 June (Rooms 1-10). If you wish to purchase any photos, a payment extension has been granted to the 2 October. MSP would prefer online payments where possible. If you have any queries regarding school photos and payment, please contact MSP on 8132 1148. Group class photos will be taken this year rather than individual photos as in the past.

Please ensure students are in appropriate school uniform. The school uniform policy is available on the school website. The photographers have requested that students that are ill on the day do not to come to school just to have their photo taken. This is to avoid passing on possible bugs and viruses.

If you are wishing to have sibling photos taken, please collect an envelope from the front office prior to photo day.

Assemblies for Term 3

Whole school assemblies have recommenced this term. Due to COVID-19 and social distancing/density restrictions, we are unable to have parents attend school assemblies at present. This was also endorsed by Governing Council representatives last Tuesday night. As soon as there is a change in restrictions we will inform all families. Thank you for your understanding during these challenging times.

Mother's/Father's Day Stall:

Our Mother's/Father's Day stall is on Friday 4 September.

In light of COVID-19 restrictions, we have decided through Governing Council that we will hold a combined Mother's/Father's Day stall. Children will be able to purchase gifts, ranging in price from 50c to \$10.00. Our best wishes to all Mother's and Father's. We hope you all have a wonderful day.

Kind regards

Nic Dale - Principal

Assembly Awards Week 4

The character strength we focussed on during the past week was **Bravery**

To be brave is to face your challenges, threats, or difficulties. It involves valuing a goal or conviction and acting upon it, whether popular or not.

A central element involves facing – rather than avoiding – fears.

Congratulations to the following students.

There are three types of bravery (an individual may possess one of these or a combination):

- Physical bravery (e.g., firefighters, police officers, soldiers)
- Psychological bravery (e.g., facing painful aspects of oneself)
- Moral bravery (e.g., speaking up for what's right, even if it's an unfavourable opinion to a group)

Learning about measurement

In Room 9 and 10, we have been learning about measurement.

Measurement can be useful in life because we can measure to know how long, large or heavy something is.

- Olivia

We have been measuring different classroom objects using MAB blocks, unifix cubes, rulers, paper clips and other measuring equipments.

- Daimen

We can measure things compare them.

- Charlotte

We can tell if something is longer or shorter by measuring the length of objects.

- Sievpor

We have been looking at the length of things. The length tells you how long something is.

- Sovan

You can use measurement when you're moving in a new house. It will tell you if your new furniture will fit in a space.

Stephen Graham Professional Development

This year we have continued our strong focus on developing reading at Burton Primary School. Creating balanced readers, who are able to decode and comprehend, with good fluency and phrasing.

On Monday 27th July, staff attended a professional development day at Mawson Lakes, with reading expert Stephen Graham. With Stephen being Victorian, he was unable to attend in person and instead connected using Zoom, which was a new experience for all. Stephen reinforced the need for students to be balanced readers. He also led teachers further into Modelled Reading and Guided Reading practice, which consolidated knowledge and involved new learning. Classroom staff have been putting the advice from Stephen into their classroom routines and teaching. Your child may have told you about some of the changes they have noticed.

On Monday 10th August, classroom teachers and SSOs had further opportunity to learn and connect with Stephen through a series of Zoom masterclasses. These sessions were tailored to specific year levels and questions staff had raised after the initial training day. Stephen had viewed videos of some of our teachers conducting Guided Reading sessions and provided positive feedback about what he saw happening and the practice of the teachers.

Six teachers are currently trialling a new Guided Reading Agreement, to help us prepare for 2021 and beyond. All other classroom teachers have committed to a change in reading practice, which they will implement in a five-week Sprint Cycle. Our aim is to develop a structured literacy block for all classes, with reading a daily priority for the 2021 school year.

Year 7 to HS

Please check the Year 7 to HS website regularly for updates. We will hold a number of parents information sessions early in Term 4.

COVID Update

**WASH, WIPE
COVER...**
don't infect another

The SA Health advice remains the same for Term 3. Please remember if you must come on site you must adhere to social distancing expectations and we ask families to pick up their children and meet with teachers outside classrooms. Please continue to practice good hygiene habits.

Resilience Passport Program

The year 4 to 7s have been participating in a resilience program that commenced this term. Every week students go to a session and learn about the eight C's. So far have they have learnt about 3 C's. The first C learnt was control. Students played games based on controlling themselves and what they can and can't control. The second C was competence. They learnt about how to be competent and what competent means. The most recent C introduced was coping and how to cope in different situations, good or bad. All of the activities are group based where students are working on teamwork

skills as well as resilience. Students have had a lot of fun during this program and are very excited to learn what the next C is.
