

Burton Primary student use of mobile phones and personal devices policy

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Students from reception to Year 5 with personal devices deposit them at the office each morning. Year 6/7 sign their phones into their class's community locked storage.

Students then sign out their devices at the end of the day. Devices are not to be stored in bags.

It is possible for parents to apply for exemption to the above in cases where a student's health is monitored via a personal device such as a smartwatch.

If the student does not comply

If there is a refusal to follow reasonable instructions to hand in a device, we will refer to the school behaviour management policy which may include further steps such as admin time out, internal suspension or suspension.

Misuse of mobile phones or personal devices may result in consequences which include but are not limited to the device being confiscated. Confiscated devices will be taken to the office for secure storage and the parents contacted. Confiscated devices will remain in secure storage until they are either:

- returned to a parent, or
- returned to the student at the end of the day to ensure their safety while travelling

Parents

Communication and review

Consultation has been undertaken with students through the Student Leaders of Learning (LOL) Group, the Governing Council, and the broader school community to make decisions regarding storage of students' devices and what actions will be taken if students do not comply with the policy.

At the end of Term 4, 2021, consultation will occur to review our decisions and ensure community members are aware of the policy requirements

The policy will be reviewed thereafter according to the school's Policy Review Timetable.

The school's policy can be accessed on the school website, and can be obtained by application to the front office.
